

# Setting up your digital identity

20 mins

Approximate  
time required

You will need to have the following ready:

Smart phone with an internet connection and camera

Your government issued ID – passport and driving licence or national ID card

## 1 Install a supported digital identity verification app on your phone

**Yoti** and **Post Office EasyID** are the two apps supported at present and can be downloaded on both Apple and Android devices

## 2 Open the app and follow the process of uploading your identity documentation

The app will guide you through the process of recording all required information and uploading/verifying your government ID

If possible, you should upload both your passport and driving licence to support a full, detailed identity check by the trust recruitment team

*Note: further support and guidance for Yoti and Post Office EasyID can be found within the apps themselves*

## 3 Await next steps from trust recruitment team

The trust recruitment team will contact you at the relevant time to advise on next steps for setup of the NHS Digital Staff Passport.
